

# Response to Reading activities Week 6

First, read the information text “What does my heart do?” by Brigid Avison and then have a go at the activities below:

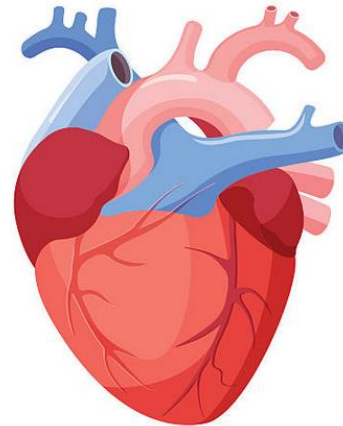

## Retrieval

Copy and complete the sentences.

1. The heart is a \_\_\_\_\_.  
(bone/muscle)
2. The heart pumps \_\_\_\_\_ around your body. (water/blood)
3. The heart makes \_\_\_\_\_ sounds close together. (two/four)
4. Your heart is a bit \_\_\_\_\_ than your fist.  
(smaller/bigger)

## Facts

Choose two facts that you think people might not know about the heart.

## Glossary

A glossary is a list of special words and their explanations. It is written in alphabetical order.

Choose 5 words from the page that could go into a glossary. Write the words you have chosen in alphabetical order, then write what they each mean.

## Research

Choose a part of your body.

Find out about it.

You could:

- Look in a book
- Look on a computer
- Ask an adult

Draw the body part and write about what you have found, in a similar way to the text.
