TBAT: Compare fractions of amounts

< | > | =

$$\frac{1}{4} \text{ of } 12 \quad \boxed{<} \quad \frac{1}{2} \text{ of } 10$$

Work out the fractions of amounts and then draw the correct symbol in the middle to show which side is bigger.

$$\frac{1}{4} \text{ of } 12 = 3$$

$$\frac{1}{2} \text{ of } 10 = 5$$

$$\frac{1}{4} \text{ of } 12 \quad \boxed{\phantom{<}} \quad \frac{1}{2} \text{ of } 10$$

$$\frac{1}{4} \text{ of } 20 \quad \boxed{\phantom{<}} \quad \frac{1}{2} \text{ of } 12$$

$$\frac{1}{2} \text{ of } 4 \quad \boxed{\phantom{<}} \quad \frac{1}{4} \text{ of } 8$$

$$\frac{1}{2} \text{ of } 8 \quad \boxed{\phantom{<}} \quad \frac{1}{4} \text{ of } 12$$

$$\frac{1}{2} \text{ of } 6 \quad \boxed{\phantom{<}} \quad \frac{1}{4} \text{ of } 12$$

$$\frac{1}{2} \text{ of } 18 \quad \boxed{\phantom{<}} \quad \frac{1}{4} \text{ of } 20$$
