

TBAT: Carry out an experiment..

Do you know the story
of the
Gingerbread man?

TBAT: Carry out an experiment.

Imagine the gingerbread man had decided to swim across the river.

What do you think would have happened to him?
Why?

TBAT: Carry out an experiment.

What about if he was
made out of a different
biscuit?

TBAT: Carry out an experiment.

Today, you are going to investigate which biscuit type is the most 'dunkable'.

TBAT: Carry out an experiment.

How can we test the biscuits for 'dunkability' with this equipment?

TBAT: Carry out an experiment.

Which biscuit do you predict to be the 'best' dunker?

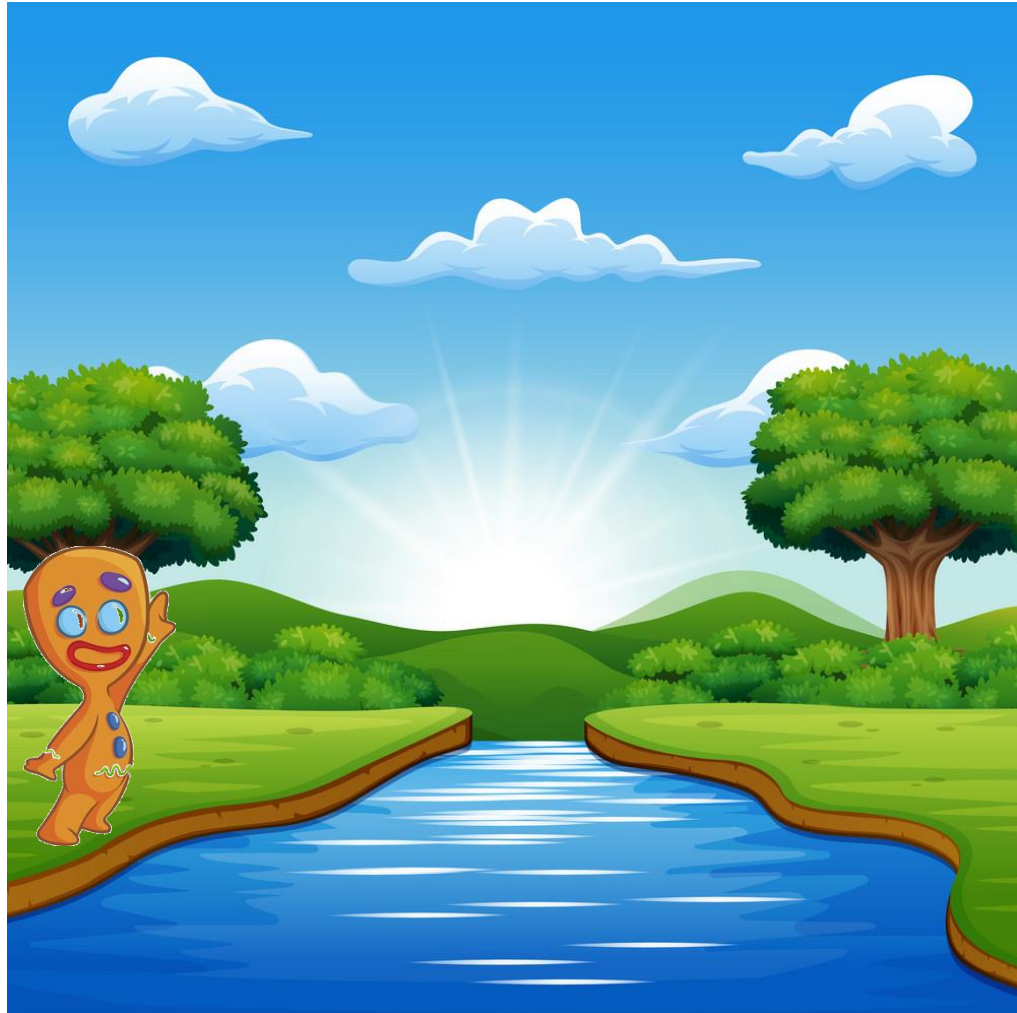

TBAT: Carry out an experiment.

What did you find out?

The gingerbread man knows it takes 2 minutes
to cross the river.
Can he survive 2 minutes in the river without
crumbling?

How can we use this equipment to test to see if the gingerbread man can make it across?
