

Can you solve the mystery of Pirate Captain Jolly Jack's missing scroll.

See the attached booklet for activities.

ON AIR

Create a video explaining what your favourite Maths concept is.

How does that concept work?

Can you show examples?

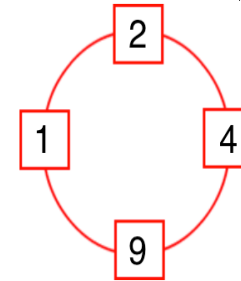

Can you teach someone at home this concept?

Investigation

Ring a ring of numbers.

Here is a picture of four numbers placed in squares on a circle so that each number is joined to two others. What do you see? What do you notice?

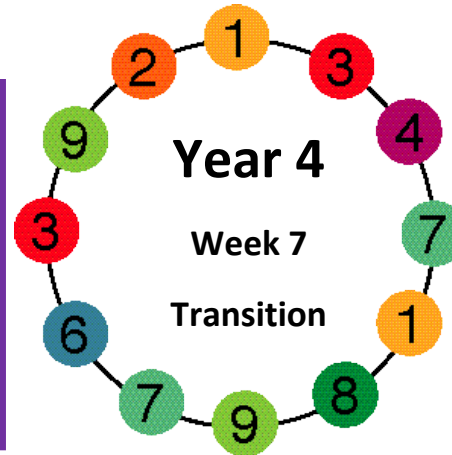

See the investigation sheet.

Always, never, sometimes

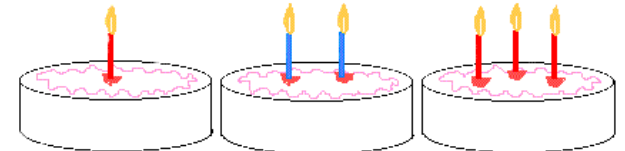

In September, your first unit will be place value. Can you solve this problem?

- When counting in hundreds, the ones digit changes
- The thousands column changes every time you count in thousands
- To count in thousands, we use 4-digit numbers

Investigation

Birthday Cakes

See the attached Birthday cake investigation.

Make a poster to tell your next teacher all about you!

Use your maths skills to write clues to give them information about you but without giving them the answer- they need to work that out themselves. You could think about:

- Your birthday
- Your height
- How many siblings you have
- Your house number
- Your favourite/lucky number
