17<sup>th</sup> December 2020

Dear Parents and Carers

Our new topic in the Spring Term will be Astronaut Academy where we will learn about Space.

We would love the children to create a piece of work that we can use on our display boards. Therefore we are asking the children to research Space and create a fact page or poster (no bigger than A3). They could use a variety of sources for their information including books, pictures or internet.

As we know Christmas can be a hectic time (even for this quieter one) so we would like the piece of work back by **Wednesday 13<sup>th</sup> January**.

Also, in the Remote Learning section on our school website, you can find some suggested fun Christmas activities to choose from. These of course are optional, but you never know when they might come in handy!

We would also like to take this opportunity to encourage your child to read as regularly as possible during the holiday especially if they receive any new books for Christmas. The new Spring Homework will be available from the end of the second week of the new term. A paper copy will be given out to your child and a copy will be available on our website under the correct year group.

Finally, we would like to thank you for all the support you have given us this year and we hope you have a very merry Christmas and a happy New Year.

The Year 3 team.
