Complete the **European Landmarks reading comprehension** found on the website.

Choose a capital city in Europe (Paris, Rome, London etc.) and create a fact-file for that city talking about its most famous landmarks and other features.

Look at the image of The Alps mountain range on the website. Write a piece of descriptive, creative writing to describe them. Include similes and alliteration.

Write a 'Europe' acrostic poem (there is a **template on the website you can use**). Think about all the different people and places you could describe in your poem.

## Understanding the World (Science, History and Geography)

Carefully look at the **Map of Europe with Flags**. Then, take this Flags of Europe quiz to test how many you can remember:

Using the **Map of Europe with Capital Cities** can you find the **capital cities** of these countries (they are marked with a star): France, Spain, Italy, Germany, Russia, Hungary, Norway, Poland and Slovakia.

Can you remember them all? Ask an adult to test you!
