

TBAT: Identify natural and man-made objects

Materials can be **natural** or man-made.

Many man-made objects are made out of **natural** materials!

For example, wool...

is a **natural** material.

A woolly jumper...

is a man-made object made from this **natural** material!

For example, wood

is a **natural** material.

A wooden chair

is a man-made object made from this **natural** material!

...and some man-made objects are made from man-made materials!

For example,

is a man-made material.

A parachute

is a man-made object made from this man-made material!

How should we sort these materials?

natural
material

man-made object
(from a man-made material)

man-made object
(from a natural material)

Main task: Sort the pictures

How should we sort these materials?

Extra challenges:

- ★ Label each object
- ★★ Add your own examples in each section
- ★★★ Write sentences to explain the meaning of **natural** and **man-made**

COTTON

LEATHER JACKET

SAND

PEBBLES
