

## Christian Creation Story

### GENESIS 1:1-17

In the very beginning everything was black. There were no shapes. The only thing that existed was God.

On the first day God made the light and he pushed the light from the darkness. God saw that the light was good.

On the second day, God pulled the waters apart breaking it into two parts. The high part was called the sky and the low part was called the oceans.

On the third day, God moved the waters around until there was dry land and many different lakes and seas. Then God said, "Let the land grow lots of plants and trees."

On the fourth day, God made the sun and the moon and all the stars. The sun would give the earth light in the day time and the moon would give light at night time.

On the fifth day God made all the creatures in the sea and all the birds in the sky. God saw that it was good.

On the sixth day, God made all the creatures on the land. He made the animals in groups of the same kind.

Then he made man and woman but he made man in such a way that he was in some ways like God himself. Man was to rule over all the animals.

The heavens and the earth were finished and were wonderful.

On the seventh day God rested from all he had done and blessed the special day of rest.

**TASK:** Create a comic strip to tell the Christian creation story.
