

21.1.21

Understand what a tenth is.

Task 1:

$$1/10 \text{ of } 20 =$$

$$2/10 \text{ of } 20 =$$

$$2/10 \text{ of } 30 =$$

$$4/10 \text{ of } 50 =$$

$$6/10 \text{ of } 40 =$$

$$8/10 \text{ of } 30 =$$

$$9/10 \text{ of } 50 =$$

$$3/10 \text{ of } 120 =$$

$$7/10 \text{ of } 110 =$$

$$5/10 \text{ of } 150 =$$

Task 2:

I've read $6/10$ of a 120-page book. How many pages have I read?

$4/10$ of a year group of 140 children are girls. How many are girls?

Master Challenge:

There are 48 blue counters in a jar. This is $6/10$ of the jar. How many counters are there altogether in the jar?
