20.1.21

Fractions investigation

Challenge 1:

Fractions with Sweets

There are 24 sweets. $\frac{1}{3}$ are red, $\frac{1}{6}$ are blue and $\frac{1}{2}$ are green. Draw the sweets that would be in the tube.

Challenge 2:

Fractions with Sweets

There are 30 sweets. $\frac{2}{6}$ are red, $\frac{2}{5}$ are blue, $\frac{2}{10}$ are green and $\frac{1}{15}$ are purple. Draw the sweets that would be in the tube.
