

11.2.21

TBAT solve problems involving measure

Match the person with their cape!

You will need to write down the name and how long their cape is.

Mark's cape is the shortest.

Jack's cape is 8cm long.

Lily's cape is 1cm shorter than Jack's cape.

Megan's cape is 1cm longer than Mark's cape.

Daisy's cape is the longest.

Eliot's cape is 6cm long.

Joe's cape is longer than Megan's cape but shorter than Eliot's cape.
